NEW FORD AGENCY OPEN HOUSE TODAY

The Wilmington Sales Company, Wilmington's newest automobile agency, is holding Open House today, in their new building at 496 Main Street. Formerly the Brock Motors of Waltham, the new Ford Agency transferred to Wilmington this spring, when they bought their present holdings on Main, including the former Harrington Brothers Service Station.

Since their purchase, in March, they have been erecting the new building, now nearing completion, where they will offer not only sales of new Fords, but a complete Sales and Service. The new building has facilities for everything needed, including a sales room and a garage of modern design.

Partners in the business are Harry Brock and Ben Ristuccia and the two men feel that not only have they become an integral part of Wilmington, but that they now have a large and fast growing list of friends and customers in this town.

Prizes are to be given, in the new Wilmington Sales Company building, to visitors, including about a dozen valuable door prizes. Mr Brock has also announced that he will give 50 subscriptions to the Town Crier of Wilmington, to Wilmington service men on a first come, first served basis. These subscriptions will entail no responsibility on the part of the service-men's families, other than to give him the address of their son or daughter. The paper will be sent free, courtesy of the Wilmington Sales Company.

GIRL SCOUT CAMP TO OPEN JUNE 26TH

Camp Wi-gi-Si-Da-Ca, the Wilmington Girl Scout summer day camp will open, at Camp Forty Acres, on June 26th. About 80 girls will take part in the camping activities this year, which are planned for a three week period, on three days

a week.

The new dining pavilion is nearly ready, at Camp Forty Acres, for the Girl Scouts, and it is hoped that it will be completed in time for the opening.

This year's activities are planned to include a trip to Girl Scout headquarters, at Cedar Hill, where there will be swimming, and three specialists will be at the camp to instruct the girls, one in Campcraft, one in Arts and Crafts, and a member of the National Audubon Society. Arrangements have been made for bus transportation, for the girls, to take them to and from the camp.

Mrs Ernest B Rice Jr. heads the list of ladies who are

taking part in running the camp this year. She will be the Camp Director, and Mrs. William Traer is to be the Business Manager.

BILLY BALLOU WON GOLD MEDAL

William R Ballou of Park Street, the only entry from Wilmington in the Soap Box Derby, held in Stoneham last Saturday, won a Gold Medal, the prize for winning an individual heat. He sped 800 feet in 24 seconds, to win the first heat, but was defeated in a subsequent heat.

The gold medal was donated by the Malden Evening News. Ballou was sponsored by Weinberg's Department Store, and given assistance by the Gildart Chevrolet Agency.

METHODIST MEN RAISE OVER \$3,000

At a Fathers' Day Breakfast at the Wilmington Methodist Church, 69 men of the parish gave and promised to give \$3,200 toward the Church Building Fund. This amount of money is over and above the present pledges which are being paid weekly toward the building program.

The men hope to raise this amount to \$7,500 by June 24th, at which time the New England Conference of the Methodist Church will match dollar for dollar the amount raised up to the \$7,500 figure.

BAPTIST SERVICES TO BE HELD IN EWBA HALL

Worship services, for Wilmington Baptists, will be held each Sunday evening, beginning at 7:30 pm., in the East Wilmington Betterment Association Hall on Lowell Street, according to an announcement by Eliot Castillo, youth leader of the Reading Baptist Church. The services will be evangelical in nature.

Wilmington Baptists, members of the Reading Baptist Church, hope to establish a permanent Baptist church in this town. Surveys are currently being conducted by the American Baptist Convention and the Massachusetts Council of Churches, to find if there is a need for a Baptist Church in Wilmington.

Preaching Sunday evenings, and also doing the pastoral work of this Wilmington Baptist extension will be Mr Eliot Castillo a divinity student at the Gordon Divinity School, Beverly Farms, and a Tufts College graduate. Mr Castillo has been for the past three years the Youth Leader of the First Baptist Church in Reading, and lives at 31 Mt Vernon Street, in that town, with his wife and three children.

An organizing committee is at work, hoping to establish a permanent Baptist church in Wilmington. Leading the committee is Judson Arbo, of Nickerson Avenue. The committee has announced that a Daily Vacation Bible School will be conducted for children 4 to 12 years old, in the East Wilmington Hall, a school which will provide children with Bible study, arts and crafts, and wholesome recreation. The school will be open Monday through Friday, 9:30 to 11:30 am during the second and third weeks of July.

FUNERAL SERVICES FOR NEIL BYAM TODAY

Funeral services for Neil Byam, of 15 Burlington Avenue, will be held at 2:30 this afternoon, in the Wilmington Methodist Church, with the Rev Richard Harding officiating, to be followed by burial in the family lot in Wildwood Cemetery.

Mr Byam, owner of Byam's Laundry, and one of Wilmington's more prominent business men, died suddenly while at work, on June 17th (heart attack). He was 49 years old.

The deceased was born in Wilmington, and is a graduate of the Wilmington Schools, and is survived by his mother, Mrs Sarah Byam, of Melrose, his wife Ruth (Livingston) Byam, two children, Neil Jr., and Mary Beth, and two sisters, Mrs Axel Olsen of Melrose and Mrs Harold Bendroth of Andover

WILMINGTON REPUBLICANS RETURN FROM STATE CONVENTION

Seven Wilmington Republicans, happy and jubilant, returned home Saturday evening, convinced that a winning team had been nominated, in the Massachusetts State Convention, in Worcester.

Mrs Wavie Drew, Chairman of the Wilmington Republican Town Committee describes it as 'the best convention I ever attended'. Mrs Ruth Pilling, another Wilmington delegate remembers the ovation given to Repr. Charles Gibbons of Stoneham, as being 'wonderful', and 'almost as good as that given to Sumner Whittier.

Gibbons received the nomination for Lieutenant Governor, and Whittier the nomination for Governor.

Attending the convention as delegates were Mrs Drew, Mrs Kitchener, and Bob Evans of North Wilmington. Gilbert Wozney of Suncrest Acres was a Sergeant at Arms, for Gibbons, and other Wilmington Republicans who attended were John Savko of Lawrence Street, Paul Godzyk of Parker Street, and Ed Spinney of Lawrence Street.

ROBERT BARRETT

The honor carries with it an increase of \$1200 in salary.

THE IMPACT OF AVCO

First of all, let us state that the stories ap-
pearing in two Boston papers, last Wednesday,
about AVCO, were not correct. The Boston Globe
and the Boston Traveler had stories to the ef-
fect that the final location of AVCO has yet to
be settled.

Those stories did not emanate from AVCO, but
from a different source, and were not checked
with the company. The first that AVCO knew was
when enquires arrived in their New York office,
after the stories were printed.

The origin of the story stems from other fac-
tors, affecting the company, but having very
little to do with Wilmington. In essence it was
a bit of good news for this town, because it
confirmed that the company is getting a \$1,700,
000 contract from the military, for research,
which will perhaps even cause the company to en-
large their Wilmington plant.

We have before mentioned, in these columns,
that it will take a full two years before the
effect of AVCO is felt in this town. We wish to
reiterate that statement -- as a matter of cau-
tioning our people to take it easy.

There are at this time various committees who
are delegated to study town problems -- such as
our School Accommodations Committee, our Silver
Lake School Building Committee, and our Police
Building Committee.

The School Accommodations Committee, and the
Police Building Committee in our belief are
faced with the most difficult tasks.

The first will have to provide sites before
they are needed. The second should we feel, go
very slowly, and not locate until after the im-
pact of the new company has been fully assessed.

At the present time the Police now have an ad-
ditional room, in the Police-Fire Building,
which isn't wholly adequate, but which is
a great improvement over conditions which for-
merly existed in that unhappy place. The new
room was constructed at a cost of \$150, and
takes up part of the "back" garage. It is com-
fortable, and temporarily serves the purpose.
The committee will recommend a new station,
that we feel, but we hope that they will wait
long enough to fully assess the impact of the
new company. They could locate their new build-
ing in the wrong place, or they could not have
it big enough, or any one of a half dozen rea-
sons could occur, which would make us sorry la-
ter on, if we built in haste now.

Of one thing we are certain -- the AVCO plant
is to be something of which all the people of
this town will be proud.

Consider the architect - Charles Luckman, the
former president of Lever Brothers. He wasn't
too happy a man, when he left his Cambridge job
a few years ago, and this is the first time
that he will be doing work in this area, since
then. It is no secret that Luckman is determin-
ed to make the AVCO plant in Wilmington some-
thing that will make his former associates sit
up and take notice. With millions of dollars of
contracts on the books, we will bet that the
firm of Periera and Luckman will give the Wil-
mington job more personal attention than all the
other jobs put together.

Mr Luckman, (and you can note this down in
your little black book), is going to make the
AVCO plant in Wilmington, Massachusetts, a
place that will be discussed all over the United
States.

THE REASON WHY

There is probably not one single publisher, in
these United States, who wouldn't be very happy
to be able to pour out his troubles, to his
readers, on an occasion or two. Some of them
do, and of course the readers are never sympa-
thetic, which just serves those men the desert
that they deserve.

Last week this paper was forced to reduce to
only six pages. This is not to cry on our read-
ers' shoulders, but merely to explain why.

A part broke, on our type setting machine. It
was out of commission for twenty four hours.
We had plenty of news to be set up, but we just
didn't get the time.

Even then, with only six pages, we still think
it was a good newspaper. It was just full of
interesting news -- or don't you agree?

WATER

Every year, about this time, the Water Depart-
ment starts to issue orders to curtail the use
of water.

This year, we feel, there will be no such or-
ders. It is of course, a temporary condition,
for the town is growing, but at the moment we
are caught up with our needs.

Last week the Town of North Reading "cut in"
its second well, located near Martin's Pond,
and is now practically able to take care of its
water needs - at least as of this moment.

In addition, the new well field (the Barrows
Field), in which a new station is being built,
can be "cut in" to the town's supply in a few
hours' notice.

So ---- the only excuse a homeowner can have
for brown spots on his lawn this summer is lack
of care, and not lack of water.

WE DO NOT AGREE

We do not agree with the decision of the Board
of Appeals, with respect to the establishment
of a cement loading hopper on the Murray prop-
erty, in North Wilmington. The Board of Appeals
voted two to one to deny the request. Under
their rules any vote that is not unanimously in
favor is a vote against.

The Board stated that the discussion of gravel
trucks on Middlesex Avenue was not germane to
the problem, and denied the request primarily
because of the proximity of the Whitefield
School.

We cannot see what the Whitefield School has
to do with the problem. The children there do
have a traffic problem, it is true, a problem
of traffic going up and down Middlesex Avenue.
The Town of Wilmington has established a police
woman there, at the beginning and closing of
school, each day, to protect the children.

Trucks coming from the Murray plant cannot by
any stint of the imagination increase the traf-
fic problem.

If there were any dust in the operation the
paper stored in the Murray plant would soon be
ruined, and long before there could possibly be
any danger to children 300 or more yards away.
The Murray people aren't worried about dust.

What other problems are there?

We think the board should reconsider. Using
the children in a school distant about 1000 ft.
as an excuse to deny the plant actually in-
creases the hazards to those children as those
trucks will not undoubtedly load cement some-
where else, and truck it right by the school

LESS THAN A FIFTY-FIFTY CHANCE

A few months ago we felt that there was a 98% chance that the Commonwealth of Massachusetts Department of Public Works would adopt the proposal of the Selectmen, for the 'Alternate' route for Route 28. The 'Alternate' is proposed to cross Salem Street at Martin's Brook, instead of near Andover Street, as the State had originally proposed.

Now we would say that there is less than a fifty-fifty chance that the 'Alternate Route' will be used.

The Selectmen proposed it to the state, to save for Wilmington the good building land that lies South of Salem Street, between Middlesex Avenue and Woburn Street. As the State proposal was laid out, not only this land would be lost but also the property of the Town Land Development Company, including several new homes, at the foot of Andover Street.

But there were other town officials to be heard from. The Board of Water Commissioners, and the Board of Health, noting that the Alternate Route would pass within several hundred yards of our main well field expressed concern for the water supply of Wilmington.

Now the State Department of Public Works has said 'We don't know. Maybe something will happen to your well field. We cannot guarantee otherwise. And -- if it does it will be your problem, not ours'.

Which throws the problem right into the lap of the Board of Selectmen -- and it is not an easy problem to solve.

But that's not all. The State also said 'Even if this route is chosen, we don't have the last word. There is the Federal Bureau of Roads, and we don't think that that Bureau will approve of those curves, as they are laid out.'

That's why the chances are now less than fifty fifty.

1956 TAX RATES

Speaking at the Rotary Club, two weeks ago, Principal Assessor Fred Calabrese made the flat statement that the 1956 tax rate "would not exceed \$60, and there is a good chance that it will be the same as last year".

(Just in case you are not a taxpayer, and thus have no reason to remember, the rate last year was \$56).

LETTER TO THE EDITOR WAKE UP TOWN MANAGER

When is our Town Manager going to do something constructive about Silver Lake Bathing Beach? This beach, used by many of the people of Wilmington is a disgrace - The Supervision Staff - 'nuff said' Life Guards asleep on the raft, which at this writing is on the beach. Lovers laying around the beach in various diplomatic positions, refuse and waste surrounding every conceivable angle in sight. No protection whatsoever for the bathers. What are we waiting for to wake up? A lovely systematic drowning, so as to give Wilmington a special Front Page? This, our beach, needs more sand and deserved protection. When are you going to watch the children instead of showing out the muscle men?

Signed

Harold W McKelvey

Dear Larz:

While riding my bike thru No. Wilmington, I passed by a Memorial in Honor of a Pvt John Regan killed in World War I in France. The memorial was well respected with flowers as of the 30th of May - Decoration on Memorial Day, but it had little honor for the deceased on Flag Day, this day of June 24, 1956, there was a flag pole there but the colors were missing. I do hope our Park Dept. will not overlook these memorials in the future, or whoever has jurisdiction over such affairs.

Sincerely,
 Leslie B Southern

TEEN TALK

BY ANN FISKE OL 8-3948

Hi kids:

We hear that three very lucky girls received hope chests from their boy-friends for graduation gifts. They are: Sally Higgenbotham, Martha Ross and Christine Curtin.

Andy Pupa is in the Massachusetts General Hospital. The members of his class sent him a plant from their banquet and they would like to remind all of you to send cards and letters to him. Best of luck Andy!

The Rainbow Girls are having a Mother and Daughter banquet on June 28th at 6 pm. We hope all the girls will be able to come and bring their mothers. Don't forget the Rainbow outing next Saturday, June 23rd at Cranes' Beach.

Barbara Odiorne is working down on the Cape, in a Country Club.

Jean Lewis and Pauline Moriarty are working at Raffi and Swanson.

Congratulations to the Seniors on their graduation. We hear that over 30 of the graduates are planning to go on to college, which is a fairly high percentage, out of 106 graduates. Barbara Odiorne won a scholarship from the Teachers Club. Nancy Andersen one from the Parent Teacher's Association. Richard Cavallaro received one from the Women's Club, and Jane Randall was awarded a scholarship by the Lions Club. The Wilmington High School Scholarship went to Albert Kitchener.

Awards were given to Malcolm Jones (Band), and for attendance, by Henry Billauer of Woburn, to Georgiana Parks and Lester Chisholm. Georgiana seemed to be about the tops, in everything - she should - she is a very smart girl - and she was also awarded a subscription to the Reader's Digest.

Billy Hall, football player, and all round athlete, was given the Rotary Club award.

They are a grand bunch of kids, and we wish them luck.

We hear that after graduation there was a beach party, at Nahant Beach - it must have been lovely.

Bobby Bousfield is in the Naval Reserve and looks very nice in his uniform.

Jean Balcom and Wesley Baker are going to be married on July 1st and we wish them all the happiness in the world.

Don't miss the dance at the Wildwood School, Friday June 22nd at 8 pm. Al Mitchell and Manuel's Black and White's will be there to entertain everyone and a good time will be had by everyone.

All the kids are wondering how Earl Baldwin is going to make out, when he takes his physical exam with the Red Sox. As you know, he had to stop playing baseball because of a chipped elbow. At present he is working, keeping busy, and waiting for his arm to get better.

That's all for now - See you next week.

YOUNGSTERS IN CAP AND GOWNS

Cap and Gowns are the rage, as graduations take place all over the country, and the children of the Brookside Kindergarten dressed accordingly, for their last day, June 15th. Parents and friends attended the graduation ceremonies, and enjoyed it almost as much as did the youngsters. The school will re-open in the fall, and many parents have already registered their children in the school which provides pony rides for the children.

NEW SCHOOL BUILDING COMMITTEE
Members of the new Glen Road School Building Committee, in the Roman House, Monday evening, V

ing. Chairman Dave Elfman is standing, in the rear, and other members, left to right, are Charles Baldwin, Arthur Ahearn, Allick Epstein, Edward Driscoll, Leo O'Connell and Erwin Hanke. The lady is Mrs. Eleanor Day, secretary, and the two men nearest the camera are members of a firm of architects.

In a gown of nylon net over
old fashioned lace, a full
